MORE SUSTAINABLE THAN YOU MIGHT THINK

- Our patented innovation EEF
- Multiple thermal insulation
- Reduces heat losses
- Lowers energy cost
- Allows U-values up to 1,1 W/m²K
- Combined with intelligent door control saves even more energy cost

EASIER THAN YOU MIGHT THINK

- Half a ton per door package
- Handled just by a fingertip
- Smoothly running
- Easy to stop

HIGHER THAN YOU MIGHT THINK

- No matter how much cold, ice, wind or snow
- Our Folding Doors perform even in most extreme environments
- And keep your customer's maintenance work to a minimum
- thanks to the extraordinary quality of our product
- and special features such as doorstep heating and remote station-to-station control

FARTHER THAN YOU MIGHT THINK

- With the right installation team
- Guided by our technical experts
- And with your local sales support and after-sales service
- We go well beyond the heart of Europe.

Greenland

CLOSER THAN YOU MIGHT THINK

- Our international sales team
- Speaking 5 languages (GE, EN, FR, SP, IT)
- Together with our growing partner network
- Are „next door“ to you
- And are happy to realize your next project with you and your team
